

PRESS RELEASE

BMZ High-Voltage Energy Storage System HYPERION now Compatible with KOSTAL Inverters

Karlstein, July 19th, 2021 – BMZ Germany GmbH and KOSTAL Solar Electric GmbH are excited to announce that within a long-term cooperation BMZ's high-voltage energy storage system HYPERION is now compatible with KOSTAL's inverters PLENTICORE plus and PLENTICORE BI.

Through an intensive collaboration of BMZ's and KOSTAL's R&D Teams compatibility of BMZ's lithium-ion high-voltage energy storage system HYPERION and KOSTAL's PLENTICORE inverter series was achieved.

Sven Bauer, BMZ Group's CEO and Founder comments: „This cooperation demonstrates the efficiency of *Made in Germany*. Clients desire high-quality products with best in class performance characteristics when it comes to product lifetime, power, quality and service. BMZ stands for *innovation and quality*. This is recognized and appreciated by customers. That's why BMZ and KOSTAL are amongst the biggest manufacturers in their industries. This combination will offer many users new options to save their self-produced electricity and optimize its usage. Households are enabled to participate in shaping the future in a CO₂-reduced and cost-effective manner, of course without using oil, gas or nuclear power.“

HYPERION offers customers a modular setup within the existing casing. Its available in four configurations with three, four, five or six modules. The minimum configuration of three modules has an effective energy content of 7.5 kWh which can be extended up to 15 kWh in steps of 2.5 kWh on request.

Further information on the BMZ Group is available at www.bmz-group.com.

About BMZ Group:

BMZ Group is a global player in the production of cross-industry lithium-ion system solutions. The group is headquartered in Germany and has additional production facilities in China, Poland and the USA, as well as subsidiaries in Japan, UK and France. There are also research and development sites worldwide. BMZ Group has more than 1,800 employees worldwide.

KOSTAL Solar Electric - Quality and innovation. Smart combined

KOSTAL Solar Electric was founded in 2006 as a separate branch of the KOSTAL Group and since then has stood for smart power generation and use with our solar, hybrid and battery inverter.

Solar, hybrid or battery inverter: KOSTAL has the perfect application solution for every requirement and for every size of system. Repeatedly awarded for their efficiency.

Because quality is just as important to us as customer satisfaction, KOSTAL Solar Electric carries out its development and production work in Germany to be able to guarantee the highest quality standards. We have over 100 years of experience as an automotive supplier, just another of our plus points.
